GOLD ZONE IS  
LATEST DIVIDE  
MINE TO SHIP

Monster Orebody Opened 600  
Level That Carries Splendid  
Values in Silver-Gold

SHOOT HAS WIDTH 18 FEET

Shipments Will Follow in Future  
at Average Rate Three  
Hundred Tons a Month.

The Gold Zone mine in the Divide district is the latest regular shipper of that section. A shipment of 80 tons of splendid grade ore was started yesterday morning for the Belmont mill, the value of which, after careful sampling, will go anywhere from \$18 to \$158 a ton, although no announcement has been forthcoming concerning what the average value may possibly result.

The Gold Zone is showing one of the largest bodies of ore that has been uncovered in months in either the Tonopah or Divide districts, the ore vein that is now being developed having a width of 18 feet. This ore is showing on the 600-foot level, 420 feet to the northwest of the shaft, and has been opened in a raise for a distance of 35 feet. The showing is still strong and there is every reason to believe that it will be found extending upwards for a good distance. It is also showing in the intermediate drift for a length of 15 feet.

For the next two weeks development will be centered in blocking out ore and it is planned thereafter to maintain regular shipments at the rate of not less than 300 tons monthly.

Report of development for the week ending Friday, April 14, as given out by Captain H. R. Bradley, the superintendent, was as follows: "612 raise carried 21 feet, 610 intermediate drift advanced 16 feet."

Fred A. Burnham, secretary-treasurer of the Gold Zone Mining company, is expected to arrive in Tonopah Monday morning to look after matters in connection with this growing company.

MRS. FRANCES HODGE  
SECURES SEPARATION

A divorce was granted last month by Judge Averill, in the district court, awarding a decree to Frances L. Hodge, on the ground of desertion. Mrs. Hodge is the daughter of Mr. and Mrs. John Hyland, of Florence Avenue, and has resided in Tonopah with her parents for the last two years. Since leaving Tonopah, Mr. Hodge has been taking vocal training and is now considered among the foremost tenor singers of San Francisco. He is a member of the Islam Joneses, and under the tutelage of Richard Jones has received the highest praise from the latter, touching upon his wonderful progress. A property settlement was effected out of court.

CHEE FONG IS HELD  
TO U. S. GRAND JURY

Chee Fong, who was arrested last Wednesday night by H. H. Haley, United States narcotic officer, upon the charge of violating the Harrison drug act, was arraigned before Justice Cuddy this morning and held to the United States grand jury. No bonds were fixed as Fong announced that he was ready to remain in jail. J. E. Muller, deputy United States marshal, who arrived in Tonopah this morning, will leave in the morning with his prisoner for Carson City.

Fun galore is assured if you attend the Eagles dance to be given at their hall Saturday night. The splendid six-piece orchestra will be in attendance, not even overlooking "Dutch" Helmick Admission one buck. A14-21.

NOTICE TO DOG OWNERS AND THE PUBLIC IN GENERAL.

Ordinance No. 35, provides: "That the owners of all dogs within the limits of the town of Tonopah be and the same are required to muzzle any dog or dogs in their possession and under their control."

That any peace officer or person duly authorized by the board of county commissioners shall kill any dog or dogs running at large within the limits of the town of Tonopah, without a muzzle thereon.

Owing to the prevalence of rabies among dogs the above ordinance will be rigidly enforced on and after this date. Owners who have no muzzles for their dogs must provide same within three days from date, and keep dog confined until muzzle is provided.

Dated: April 13th, 1922.

MINER FOUND DEAD  
IN OHIO WORKINGS

Joseph Castella, a Mexican about 45 years of age, was found dead on the 800 level of the Ohio shaft in Tonopah 76 territory this morning at 12:30 o'clock. The alarm that Castella was missing was sounded at 9:10 o'clock last night, and Dr. Church was summoned at 9:30, and a rescue crew was organized.

There is grave doubt regarding whether the man died from coming in contact with gas or whether he died from heart failure. A coroner's inquest is being conducted this afternoon to determine the cause of death.

Castella came here about three months ago from Los Angeles where it is said he has a wife and three children. He had only been working at the West End mine about a week, according to a report given out today from the main office.

The coroner's jury was impaneled this afternoon at 2 o'clock, following which a visit to the mine workings was ordered by Justice Cuddy. At the time of going to press no verdict had been returned.

Bishop Stage leaves Tonopah tomorrow morning on first trip of season. Hereafter leaves Tonopah Mondays and Thursdays. A12-14.

APIARIES WILL  
BE INCREASED  
BY INVENTION

(By Associated Press)  
WASHINGTON, April 15.—The proverbial "busy bee" is to be kept still busier. If an ingenious little contrivance just invented by a government scientist is adopted by the apiaries of the country. An official of the bureau of entomology advised the bureau of standards today that he had invented a device which will operate on the principles of the turnstile and that it will register the arriving home and departure of every bee that enters the hive on honey-making errands. The apparatus consists, it was explained, of a gate to be placed at the entrance to a beehive with a series of telephone message registers attached in such a way as to register each time a bee hops, skips or jumps on or over the contrivance which was said to be operated electrically by alternating current.

The inventor explained that about 300,000 bees go out during the day, on honey gathering expeditions, and that while considerable electrical energy was needed to operate the recording gate on the average hive, the amount of energy expended by the device each time a bee passed was infinitesimal.

JUDGE ASKS PAROLE  
FOR CONVICTED MAN

Immediately after imposing sentence upon "Bill" Collins to serve not less than two nor more than 14 years in the state penitentiary, Judge Mark R. Averill, as well as District Attorney Dunn, signed a petition directed to the state board of pardons asking that Collins be paroled immediately. Joseph T. Murphy, representing the defendant, prepared the petition and the application should reach the board about the same time the prisoner reaches prison. Collins is only 20 years of age, and has been a wanderer since a boy, and claimed to have worked all winter for his board at the Willow Creek ranch where he appropriated to his own use two horses. He says he thought they were mustangs and had no ownership.

Collins will be taken to Carson City tomorrow morning by a deputy in the office of the sheriff and turned over to the warden of the penitentiary.

## AMUSEMENTS

ROY STEWART AND JOE  
MARTIN TODAY

The two popular film stars, Roy Stewart and Louise Lovely, head an excellent cast in the feature attraction—"The Heart of the North"—which will be shown at the Butler today. This is a drama of the far northwest where none but the bravest can withstand the hardships of a region beset with snow and ice and a country harboring lawless men and wild animals. It is a land where the trail and weak perish at the wayside in the inexorable game of life and where only brute strength dominates. The interesting outdoor scenes were actually photographed "north of 60" at a considerable expense, so that realism would result.

Those responsible for the photograph should be congratulated upon obtaining the combined services of Roy Stewart and Louise Lovely in the leading roles. When presented at a private showing for the first time in New York City, at which were present discerning critics of the screen, it was agreed that it will be some time before another motion picture would make its appearance containing the entertaining value of "The Heart of the North."

The other picture on today's bill is Joe Martin, the world's smartest monkey, in a two-reel comedy, "A Monkey Movie Star."

Tomorrow, David Butler, in another one of his famous comedy dramas, "According to Hoyle."

Monday, "The Silent Call" which has just finished its San Francisco run.

Enjoy yourself Saturday night and help make merry at the ball to be given by the local aerie of Eagles. Fine music, dandy floor and good people, with excellent music. Admission \$1. A14-21.
